To the South Carolina Board of Medical Examiners and Licensed Physicians,

Since graduating from the Medical University of South Carolina in 1985, and completing my residency at the Medical College of Georgia in 1988, I have taught and mentored many medical students and residents. In addition to what is documented in my CV, I would like to continue serving our profession by becoming a member of the Board of Medical Examiners.

It is my desire to help ensure that we continue to have well qualified physicians in our state.

Thank you for your consideration.

James H. Tolley, M.D., MAT, FAAFP
